

# God Creates Us

## Created by God

As you take a walk outside with your child, talk about some of God’s amazing creations you see. Pay special attention to any “babies,” such as baby birds, kittens, and ducklings. Discuss how the parent watches over its baby and teaches its baby to do things for itself and be safe.

## I Know How to Pray the Sign of the Cross

Invite your child to show you the gestures used when praying the Sign of the Cross. Review the gestures with your child as needed. Then pray the Sign of the Cross together, emphasizing the gestures.

## Thanking God for People Who Care for Me

At bedtime, talk about some of the people who teach and care for your child and help keep him or her safe. Pray together, thanking God for each person. Begin and end the prayer by praying the Sign of the Cross.

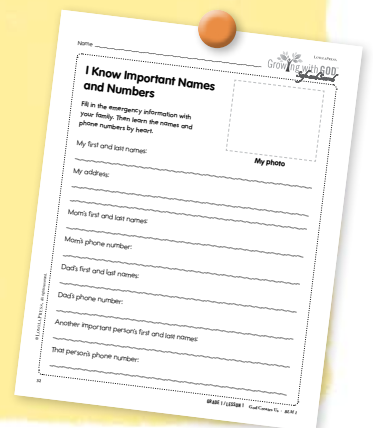

## What I Have Learned to Do

Remind your child that we were all babies once. As we grow up, our parents and others who love us teach us how to do things. Talk about some of the wonderful things your child has learned to do.

## Learning Important Names and Numbers

Help your child fill in the I Know Important Names and Numbers handout and put it on the refrigerator. Make a game of helping your child learn the names and numbers by heart. Then practice using a phone to dial the important numbers.

Name \_\_\_\_\_

# I Know Important Names and Numbers

Fill in the emergency information with your family. Then learn the names and phone numbers by heart.
